FILING)	

COMES NOW the Idaho Public Utilities Commission Staff ("Staff"), by and through its attorney of record, D. Neil Price, Deputy Attorney General, and do hereby present the agreement of Staff, Rocky Mountain Power, and Monsanto Company (hereinafter "the Parties") pursuant to a directive in Case No. PAC-E-14-01, Rocky Mountain Power's ("RMP" or "Company") annual filing of its Energy Cost Adjustment Mechanism ("ECAM").

In its final Order in PAC-E-14-01, the Commission ordered that "the parties convene a workshop in a separate docket to resolve issues associated with the Wholesale Line Loss Adjustment ("WLA") and submit an agreement to the Commission for approval." Order No. 33008 at 15.

On June 17, 2014, a workshop was convened for all interested RMP customers to discuss and resolve issues associated with the Wholesale Line Loss Adjustment to the Company's annual ECAM filing. Representatives from RMP, Monsanto Company ("Monsanto"), and Staff attended the workshop. The purpose of the workshop was to allow

interested parties to discuss the aforementioned adjustment and work collaboratively towards developing and submitting an agreement to the Commission.

STIPULATED AGREEMENT

The terms and conditions of this Stipulated Agreement ("Stipulation") are set forth herein. The Parties agree that this Stipulation represents a fair, just and reasonable compromise of the issues presented in this docket and that this Stipulation is in the public interest. The Parties recommend that the Commission approve this Stipulation and all of its terms and conditions found below:

1. The Parties agree that the total WLA adjustment presented by Staff in Case No. PAC-E-14-01 shall be reduced by 50%. Accordingly, Monsanto's \$63,000 and Agrium's \$4,500 share of the adjustment shall be added to their respective ECAM deferral balances. As a result, the tariff customer group's ECAM deferral balance shall be decreased by an equal amount of \$67,500.
2. The ECAM deferral balances for each customer group shall be adjusted accordingly as part of the Company's July 2014 month end close. No change will be made to the current electric service Schedule 94 rates.
3. This adjustment shall be narrowly construed so as to apply only to the specific circumstances of this case (PAC-E-14-01) and shall not be applied to future ECAM filings submitted by the Company to the Commission.
4. The rights, duties, and obligations of the Parties under the aforementioned Stipulation are subject to the Commission's approval of all the terms and conditions of the Stipulation.

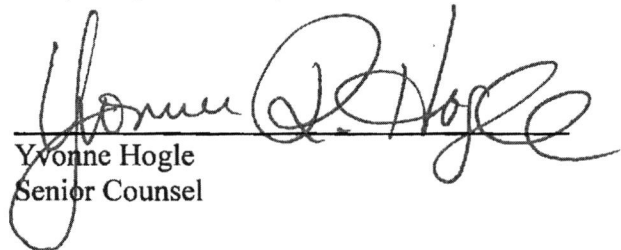

Respectfully submitted this 16th day of July 2014.
